

We've launched a new Lancashire Gritting Live map, giving you a real-time view of our gritters as they treat roads across the county.

The interactive map shows:

The current location of each gritting vehicle

Routes treated in the past 18 hours, highlighted with blue arrows

As much of our gritting work happens overnight, the map is a great way to see where our crews have been working to keep roads safe.

Since Christmas, our gritting teams have been out every day.

Before you travel:

Check the weather forecast

Stay warm and take care on the roads

You can explore the live map on our website: [Track the gritters - Lancashire County Council](#)

For more winter advice and support, visit: www.lancashire.gov.uk/winter/

Please share this with friends and family so they can plan their journeys and stay safe this winter.
